"Transactions") among General Communication, Inc. ("GCI"), an Alaska corporation, and Liberty Interactive LLC, a Delaware limited liability company and a direct wholly-owned subsidiary of Liberty ("LI LLC"). Pursuant to the Reorganization Agreement, GCI amended and restated its articles of incorporation (which resulted in GCI being renamed GCI Liberty, Inc. ("GCI Liberty")) and effected a reclassification and auto conversion of its common stock. After market close on March 8, 2018, Qurate Retail's board of directors approved the reattribution of certain assets and liabilities from Qurate Retail's Ventures Group to its QVC Group, which was effective immediately. The reattributed assets and liabilities included cash, Qurate Retail's interest in ILG, certain green energy investments, LI LLC's exchangeable debentures, and certain tax benefits.

Following these events, Qurate Retail acquired GCI (renamed "GCI Liberty, Inc.") through a reorganization in which certain Qurate Retail interests, assets and liabilities attributed to the Ventures Group were contributed (the "contribution") to GCI Liberty in exchange for a controlling interest in GCI Liberty. Qurate Retail and LI LLC contributed to GCI Liberty their entire equity interest in <u>CDECK</u> Biomy Control Charter, and LendingTree, the Evite operating business and other assets and liabilities attributed to Qurate Retail's Venture Group (following the reattribution), in exchange for (a) the issuance to LI LLC of a number of shares of GCI Liberty Class A Common Stock and a number of shares of GCI Liberty Class B Common Stock equal to the number of outstanding shares of Ser entry

ability to service debt and fund capital expenditures. In addition, this measure allows management to view operating results and perform analytical comparisons and benchmarking between businesses and identify strategies to improve performance. This measure of performance excludes depreciation and amortization, stock-based compensation, certain acquisition accounting adjustments, separately reported litigation settlements, transaction related costs (including restructuring, integration, and advisory fees), and impairment charges that are included in the measurement of operating income pursuant to GAAP. Accordingly, Adjusted OIBDA should be considered in addition to, but not as a substitute for, operating income, net income, cash flow provided by operating activities and other measures of financial performance prepared in accordance with GAAP. Qurate Retail generally accounts for intersegment sales and transfers as if the sales or transfers were to third parties, that is, at current prices.

The following discussion and analysis provides information concerning our results of operations and financial condition. This discussion should be read in conjunction with our accompanying condensed consolidated financial statements and the notes thereto and our Annual Report on Form 10-K for the year ended December 31, 2018.

See note 1 and note 8 of the accompanying condensed consolidated financial statements for an overview of new accounting standards that we have adopted or that we plan to adopt that have had or may have an impact on our financial statements.

The information herein relates to Qurate Retail, Inc. (formerly named Liberty Interactive Corporation, prior to the Transactions defined and described below, or "Liberty") and its controlled subsidiaries (collectively "Qurate Retail," the "Company," "Consolidated Qurate Retail," "us," "we" or "our" unless the context otherwise requires).

Overview

We own controlling and non-controlling interests in a broad range of video and online commerce companies. Our largest businesses and reportable segments are QxH and QVC International. QVC markets and sells a wide variety of consumer products in the United States ("U.S.") and several foreign countries, primarily by means of its televised shopping programs and the Internet through its domestic and international websites and mobile applications. On December 31, 2018, Qurate Retail transferred its 100% ownership interest in HSN to QVC, Inc. through a transaction among entities under common control. Following this transaction, Cornerstone (a former subsidiary of HSN) remains a subsidiary of Qurate Retail. HSN is included in the QxH reportable segment, and Cornerstone is included in the "Corporate and other" reportable segment. Attributed to the Ventures Group was revenue of \$3 million, operating loss of \$8 million, and an Adjusted OIBDA loss of \$5% fing st

Share of earnings (losses) of affiliates. Share of earnings (losses) of affiliates decreased \$31 million for the three months ended March 31, 2019, as compared to the corresponding period in the prior year, primarily due to an increase in losses at the Company's alternative energy solution entities.

Realized and unrealized gains (losses) on financial instruments, net. Realized and unrealized gains (losses) on financial instruments, net are comprised of changes in the fair value of the following:

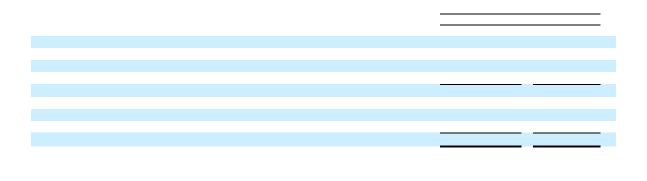

and Zulily, due to a requirement that a leverage ratio (defined as the ratio of subsidiaries' consolidated total debt to Adjusted OIBDA for the most recent four fiscal quarter period) of less than 3.5 to 1.0 must be maintained.

During the three months ended March 31, 2019 there have been no changes to our corporate or subsidiary debt credit ratings.

As of March 31, 2019, Qurate Retail's liquidity position included the following:

	Cash and equivale		Equity securities
		amounts in mi	llions
QVC	\$	439	
QVC Zulily		v	

Net revenue was generated in the following geographical areas:

	Three months ended March 31,		
	2019 2018		
	 amounts in millions		
QxH	\$ 1,857	1,926	
QVC International	644	676	
Consolidated QVC	\$ 2,501	2,602	

QVC's consolidated net revenue decreased 3.9% for the three months ended March 31, 2019, as compared to the corresponding period in the prior year. The decrease in net revenue is primarily due to a 3.1% decrease in units sold, \$36 million in unfavorable foreign exchange rates across all markets and a slight decrease in average selling price per unit ("ASP"), which was partially offset by a \$22 million decrease in estimated product returns, primarily driven by the decrease in sales volume at QxH.

During the three months ended March 31, 2019 and 2018, the changes in revenue and expenses were affected by changes in the exchange rates for the U.K. Pound Sterling, the Euro and the Japanese Yen. In the event the U.S. Dollar strengthens against these foreign currencies in the future, QVC's revenue and operating cash flow will be negatively affected.

Zulily's SG&A expenses (excluding stock-based compensation) include personnel related costs for general corporate functions, marketing and advertising expenses, information technology, and the costs associated with the use by these functions of facilities and equipment, including rent. For the three months ended March 31, 2019, as a percentage of net revenue, these expenses increased from 16.9% to 18.6%. The increase is primarily attributable to deleverage on the decline in sales and increase in fixed costs and marketing.

Zulily's total depreciation and amortization of intangible assets expense decreased for the three months ended March 31, 2019, as compared to the corresponding period in the prior year. The decrease is primarily attributed to fully amortized assets recognized in purchase accounting.
